Hobbies & Interests

I am involved in a youth theatre group, where I work as the chief in-house electrician and a sound/lighting technician. I have been with them for two years now and have enjoyed every moment of it. The stress I find enjoyable as it gets adrenaline pumping and focuses concentration on the job. I have had roles from a simple Lighting Operator to the Deputy Stage Manager, calling the cues for a show. I also work with a small team designing websites and graphics for paying clients from around the world. I further also work in a local radio station designing their website and holding a key role within the team there. I also have a personal interest in photography.

Experience - Theatre

Chief In-House Electrician and Information Technology Officer

Young Theatre, Beaconsfield

*A youth theatre group run by young people for young people. <http://www.youngtheatre.org.uk/>
(February 2014 – Present)*

Achievements and responsibilities:

- Responsible for maintenance of all electrical equipment within the theatre company.
- Responsible for wiring and checking any practical effects used.
- Part of many shows put on by the company often in high-stress and responsible roles.
- Additionally, maintains all email used by the company, Google Drive access and the website.

Senior Team Member

Stage Lighting and Sound Team, Royal Grammar School

*A team within the school that runs the tech for all school events.
(September 2014 – Present)*

Achievements and responsibilities:

- Day to day running of the team and school events such as concerts and assemblies.
- Maintenance of team equipment.
- Teaching younger members of the team technical knowledge and expanding their current understanding.
- Often setup and operation of sound and lighting for school concerts and other events.

Work Experience

School Stage, Thomson House School

*An install specialist for lighting and sound equipment in schools. <http://www.schoolstage.co.uk/>
(July 2017)*

Achievements and responsibilities:

- Assisting with the rigging and permanent installation of lighting fixtures.
- Wiring cabling for both lighting control/power as well as for the sound and data installation.
- Running cable throughout the venue in a tidily fashion for data and sound.
- Ensuring the work environment was both clean and tidy as well as safe at all times.

Experience - Web

Head Website Designer and Team Leader

Unreal Designs

*A small online business creating website and graphic designs for clients. <https://unreal-designs.co.uk/>
(June 2012 – Present)*

Achievements and responsibilities:

- Maintaining the company site and backend systems.
- Designing most website design orders and assisting with graphic design orders.
- Organising payment of the team and ensuring all team work is completed to a high standard.
- Dealing with all emails to the company, such as quote requests, complaints and general enquiries.

Experience - Other

Programme Controller and Website Designer

Blink FM, Wycombe Youth Action

*A local youth run radio that broadcasts online to all and via radio to areas of south bucks.
(July 2013 – September 2017)*

Achievements and responsibilities:

- Designing and running the station's website and live radio stream.
- Managing when shows are on air and checking all content is appropriate.
- Assisting with attaining correct licensing to be on air in the local area.
- Organising equipment & bands for our live concert events.

Work Experience

Highcrest Academy IT Team

*The team responsible for all IT equipment at the school. <http://www.highcrest.bucks.sch.uk/>
(July/August 2017)*

Achievements and responsibilities:

- Installing new computers at multiple locations in the school.
- Assisting with the rollout of Windows 10 onto all computers in the school.
- Using MDT to install a pre-configured image of Windows 10.
- Aiding the updating of AD and Impero for the network.
